

LEADERSHIP CENTER CLASSROOM & COMPUTER LAB

CAPACITY: 50 (CLASSROOM) / 18 (COMPUTER LAB)

CLASSROOM: All the modern classroom needs are available in this facility, which includes a possible private entrance at the rear of the EAA Aviation Center. This is an outstanding room for classroom presentations (with Internet connections and other updated technology capabilities), or for large meetings or information sessions. The classroom is also an outstanding staging area/"Green Room" for larger events that take place in the Eagle Hangar or other AirVenture Museum areas.

COMPUTER LAB: If you need to get away from the home office to do important computer or technology training for a small group, this room is the perfect place. The facility has the technology you need to do small-group training, with an off-the-main-track setting that supplies the quiet training environment your looking for. A private entrance off the rear of the EAA Aviation Center is also available.

RENTAL FEE

7:00am to 5:00pm **\$200/hour**
